

NEW YORK LIQUOR MEN TO SUE GOVERNMENT FOR \$300,000,000 LOSS CAUSED BY PROHIBITION

Civil Action Against U. S. May Be Next Step in Their Fight.

HIGH PRICES PREVAILING

Men Cultivating Educated Thirsts Demand Necessity of Paying Exorbitant Rate for "On the Quiet" Swigs; Champagne \$25 a Case in Manhattan.

By Associated Press.
NEW YORK, Dec. 16.—Lawyers representing large liquor interests in New York indicated today that a civil action against the United States government might be the next step in the fight against prohibition and that compensation for losses estimated at \$300,000,000 would be sought.

The lawyers asserted that the decision of the supreme court virtually confiscated the stocks of liquor held here.

The man who had been cultivating a highly educated thirst in anticipation of resumption of the sale of liquor over the bar demanded today the probability of exorbitant prices for a drink obtained "on the quiet."

Some unofficial quotations on the "unofficial" market today were: Champagne \$25 a case, imported brandy, \$150 a case, Scotch whisky, \$250 a case, rye whisky, \$15 a bottle, and medicinal \$50 a quart.

Individual prices in saloons depended entirely on the buyer.

SEVEN HUNDRED PINTS OF WHISKY TAKEN FROM CAPITOL
CHARLESTON, W. Va., Dec. 16.—Seven hundred pints of whisky were stolen last night from the West Virginia capitol. The whisky had been confiscated by the state prohibition department and was stored in lockers in the state house until some disposition could be made of it.

REVENUE OFFICERS SEEK DISTILLERY HOLDUP MEN
PITTSBURGH, Dec. 16.—Revenue officers were today searching Allegheny county for four men who yesterday held up a watchman at the Economy distillery near Fair Oak, Pa., and tried to steal 15 barrels of whisky. The men, masked and armed, appeared at the distillery before daylight and, taking the watchman in charge, wrenched the locks on the doors leading to the bonded warehouse where 2,500 barrels of whisky were stored. They rolled 15 barrels to the loading platform and then sat down to wait for a truck to haul it away. After several hours had passed they gave up the attempt and disappeared.

RAILROAD MEN ACCEPT INCREASE IN PAY FOR SLOW FREIGHT SERVICE
Time and Half Time for Overtime Offer Received With Favor By Brotherhoods.

By Associated Press.
WASHINGTON, Dec. 16.—Under an agreement between the Railroad Administration and the four brotherhoods of train and engine men, announced Monday, time and a half for overtime in slow freight service will become effective as of December 1.

All arbitrators and special arbitrators formerly applicable between terminals were eliminated, but special allowances for switching and similar work at initial terminals were preserved. These, however, will be at the old rate.

Allowances for switching and delays at the final terminals are preserved payable at the former rates where the work is performed prior to the overtime period, the announcement said. "These allowances have been agreed to in the past for relieving men of work which has not been considered a part of their regular duties and correspondingly it is felt that the same conditions existed in connection with the payment of time and one-half for overtime."

CONTEMPT CASES AGAINST THE MINE WORKERS CONTINUED

Indefinite Postponement of Trials Secured in All But One Instance.

By Associated Press.
INDIANAPOLIS, Dec. 16.—Charges of contempt of court against 84 officials of the United Mine Workers of America, with one exception, were continued this morning by U. S. District Judge A. B. Anderson until such a date as it is deemed advisable to bring the cases again before the court.

The exception is the charge against Alexander Howat, president of the Kansas district of the mine workers, who is charged with continued violation of the court's injunction against furtherance of the strike.

Attorneys for Howat, who is under \$10,000 bond, were instructed to have him appear in court next Monday morning, December 22. Government attorneys charged that since the agreement reached by the miners last week to end the strike on the basis suggested by President Wilson, Howat has been leading aid to the strike in the Kansas region insofar as it affected men called out October 31 but who have succeeded in keeping out men who were on a local strike prior to the general strike.

ALL BUT THREE MINES IN PITTSBURGH DISTRICT WORK
PITTSBURGH, Dec. 16.—All but two or three mines in the Pittsburgh district were in operation today and it was expected at United Mine Workers headquarters that the strike would be a few miles from any one of several causes, said a district official, "but the two or three idle today are not turning out because the men still refuse to return. But we feel sure they will be on hand tomorrow, and then we can report our 100 per cent."

DECLARES 3,000 SMALL NEWSPAPERS FACE RUIN FROM PAPER SHORTAGE

Representative Anthony Blanes Condition on Large Sale of City Mailers.

By Associated Press.
WASHINGTON, Dec. 16.—Between 2,500 and 3,000 small newspapers face suspension if not extinction unless the newspaper situation is soon remedied, Representative Anthony Blanes, Republican, Kansas, told the House Post Office committee Monday in urging favorable action on his bill to limit to 24 pages daily newspapers and periodicals using the second class mail privileges. The present acute paper shortage, he said, is due to the large size of the big city dailies and some magazines. The larger papers, he said, could eliminate 50 or more pages of features, comic and magazine matter published in Sunday editions without loss to the public.

The volume of advertising should be drastically reduced during the present shortage, he said. Replying to Chairman Steenerson, Representative Blanes said he had heard that some advertisers had greatly increased their expenditures for advertising to avoid payment of excess profits tax but he attributed the bulk of the increased advertising to the post war resumption of normal commercial activity.

The last named was formerly physical director at the Y. M. C. A. and now is coach of the Uniontown high school team. Honsberger, coach of Dunbar township high school athletics, is the captain of the Macabees team.

Following announcement of the lifting of restrictions on the production of coke made in The Courier Saturday, formal notice to this effect was received by operators yesterday from governmental sources. All restrictions have been removed.

H. E. SCHENCK FALLS DEAD ON PITTSBURGH ST.

Body of Colonial Bank Cashier Found Opposite Y. M. C. A. at 10:10 P. M. Monday.

While returning to his East Green street home last night, Harry Ellsworth Schenck, 38 years old, cashier of the Colonial National bank, died suddenly opposite the Y. M. C. A. building on South Pittsburgh street. His lifeless body was found on the pavement about 10:10 o'clock by John I. Denney, an employee of the Young Men's Storage company. While lifting the body from the pavement, E. J. Eads and Terrance S. Barber came along and assisted him in carrying it into the parlors of the Y. M. C. A., where efforts were made to restore life by means of artificial respiration but without avail. Dr. J. F. Kerr, who was summoned to the scene on arrival, pronounced life extinct. Mr. Schenck's death is believed to have been instantaneous as another physician who passed the Y. M. C. A. about 10:05 did not see him. The cause of death is not known. The family physician states that Mr. Schenck had a perfect heart and there were no marks on his body to indicate that his death was caused by a hard fall on the pavement. Coroner S. H. Baum of Uniontown was notified.

The deceased had always enjoyed the best of health. After eating a hearty dinner last evening, he chatted with his family for about a half hour before leaving for the bank. At about 9:10 o'clock he talked with Mrs. Schenck over the telephone and concluded the conversation by stating that he would be home in about a half hour. He had planned to accompany Mrs. Schenck to Pittsburgh today.

Mr. Schenck's sudden death not only came as a great shock to members of his family, but to the entire community. He had resided in Connellsville all his life and was prominent in business and social circles.

The body was removed to funeral director Charles C. Mitchell's parlors and today was taken to the family residence. The funeral, the time to be announced later, will be in charge of the Masons.

SUDER PHOTOGRAPHIC STUDIO AND MADISON POOL ROOM ARE DAMAGED BY FIRE AND WATER

North Pittsburgh Street Building Drowned Out, Following Blaze.

Fire starting from a gas stove in the workroom of the photographic studio of J. W. Suder in North Pittsburgh street shortly before 9 o'clock this morning and water poured into the place by the firemen, resulted in heavy loss to Mr. Suder and to John Madison, proprietor of the pool room beneath the studio. The damage was chiefly from water.

Mr. Suder said his loss would be around \$1,200. His stock of materials was ruined and the two small rooms was used as store and stock rooms were considerably scorched. The loss in the Madison pool room will depend on how much damage is done to four pool tables over which water trickled from the lake that formed above. The tables are valued at \$650 each. Mr. Madison said.

Occupying the front portion of the second floor is S. LaChima, the tailor. Any loss to him will be from smoke. Neither water nor fire reached his quarters.

The building is owned by Max Levine. It is a two-story frame structure.

The fire is a severe blow to Mr. Suder from the fact that just before Christmas is the photographer's busiest time. Numerous large orders booked by the photographer are a loss. Others he will be able to fill, some negatives having been rescued from the ruins.

Mr. Suder plans to reopen as soon as repairs can be made to and he can secure another stock of chemicals, plates, etc. His cameras and valuable lenses were saved. Most of this equipment was in the studio.

Mr. Suder and Miss Olive Hill, his assistant, came to the studio later in the morning. Mr. Suder having been unwell. The place being chilly, Mr. Suder lighted a gas stove in the workroom and then he and Miss Hill sat down in the office, at the front of the suite of rooms, while the place warmed. They were there between five and 10 minutes, Mr. Suder said, when his attention was drawn to a movement of the door to the studio, as if shaken by a draft.

"Must be the world coming to an end," remarked the photographer, jokingly referring to the planetary conjunction of tomorrow, which, according to a lone astronomer, means dire things for old Mother Earth. With that he stepped to the door and opened it. Smoke and flames were rolling from the workroom into the studio. Miss Hill called the fire department by telephone and in a very brief space the firemen were on the scene.

The fire evidently started from the gas stove. Above the stove was a shelf and this, presumably, ignited first.

DEPARTMENT OF LABOR IS "PERMEATED WITH SPIRIT OF ANARCHY," BLANTON DECLARES

Says President Would Clean It Up in 15 Minutes If He Knew the Facts.

By Associated Press.
WASHINGTON, Dec. 16.—A bill denouncing radicalism and designed primarily, Chairman Johnson said, to force the Department of Labor to arrest and deport all alien members of the I. W. W. and kindred organizations was reported to the House today by the industrial committee.

"Under the bill any alien who is a member of, contributes to, loans money to or is affiliated with any organization preaching, advocating or forwarding the teaching of sabotage, the overthrow of organized government, the killing or assault of any government official or the unlawful damage to or destruction of property, would be liable to arrest and deportation. No overt act must be proved in order to bring about deportation, as the bill provides that mere membership in or any affiliation with a radical organization shall be deportable offense."

Representative Johnson introduced records and letters to show that Secretary Wilson had ruled that under existing laws men membership in the I. W. W. did not constitute grounds for arrest and deportation. Representative Blanton of Texas told the committee that "the radical idea was introduced into our whole system of government." He charged officials of the Department of Labor with sympathy with the radical movement and declared that "the entire department, from Secretary Wilson down, is honeycombed and permeated with the spirit of anarchism that you have got to have a housecleaning before you can get at the bottom of the situation."

"If the President knew what I know about the Department of Labor he would clean it up in 15 minutes," said he.

Representative Davey of Ohio told the committee that unless Congress acts immediately, the people would take the situation into their own hands.

"Every red blooded American demands that this country and its institutions be protected by law from enemies within its borders who would destroy it," he said, "public opinion is such that unless Congress acts, good Americans will take the law into their own hands and stir these wild-eyed radicals to telephone poles throughout the country. We then will have the sad spectacle of a nation devoted to law and order resorting to lawlessness to uphold the majesty of the law."

FOUR BELOW ZERO

Record Temperature of Season Reported at Roaring Run.

"Four below at Roaring Run" was the news that was flashed to The Courier this afternoon from the Medicine Hat of Fayette county. This compared with eight above yesterday, a difference of 12 degrees.

In Connellsville the minimum was 13 above, according to what is taken as the official thermometer. Continued cold is promised, but the indications are that the temperature will not drop so low tonight.

Last night was the coldest, by five degrees, of the season.

GAS MAIN BREAKS

Supply Off at All Points North of Connellsville for Hours.

A break in the eight-inch main of the Fayette County Gas company near Broad Road last night made it necessary to shut off the supply to all towns north and northwest of Connellsville at 1:30 this afternoon. Repairs were expected to be completed and the gas turned on again at 3 o'clock this afternoon.

Scottdale, Dawson, Vanderbilt and all places north affected. Consumers are asked to close all valves so as to avoid explosions.

COUNCIL MAY FIGHT DISCONTINUANCE OF FREE GAS FOR CITY

Solicitor Requested to File Opinion as to Whether Franchise Agreement Still Holds.

If it has any ground on which to stand, council will fight the proposed discontinuance by the Fayette County Gas company for the annual 100,000 cubic feet of gas, which was indicated last night at an adjourned meeting when a resolution was adopted referring the matter to City Solicitor E. C. Higbee, with a request that the solicitor file with council an opinion on the right of the company to cut off gas being supplied under the franchise agreement of May 30, 1887.

A statement furnished council by General Superintendent J. E. Angle of the gas company showed that during the period from November 1, 1918, to October 31, 1919, the city used 2,322,000 cubic feet of gas, of which 1,742,000 cubic feet was supplied to city hall, 393,000 to the West Side building and 187,000 at the city stable.

As was announced in The Courier a few days ago the gas company has served notice on all municipalities and other users of free gas that this service will cease December 31 and that the rate thereafter will be that for domestic purposes, 35 cents a thousand cubic feet per thousand if paid on or before the 10th of the month following. The diminishing supply was given as the reason. Free gas to the schools was discontinued several years ago at which time it was agreed that unless the city agreed to there would be an increase in rates for domestic consumption.

ARMY GOODS IN DEMAND
Sold Day Ahead Because of Rush of Buyers; More to Be Ordered.

Scheduled to go on sale today the bulk of the Army supplies sent to Connellsville last week was disposed of Monday. Bagger buyers crowded into the Smuts building in Sixth street, West Side, while the stores were being arranged and decided to leave. Others came and the room was soon filled. The result was that by evening all but a few of the hundreds of pairs of Army shoes had been sold at \$3.50 a pair, while hundreds of suits of woolen underwear, two-piece style, were disposed of. All that remained when the place closed last night were three or four pairs of drawers. Three hundred pairs of woolen socks at 35 cents a pair disappeared in a very short time.

This morning there were 100 cases of tomatoes, 100 cases of beans, several hundred brooms selling at 70 cents each and a small quantity of corned beef and Vienna sausage.

Food Director Antonio Bufano announced that he will at once place an order for 1,000 pairs of shoes, three or four thousand pairs of socks and several hundred suits of underwear. The demand indicated they can easily be disposed of.

SHOPLIFTING CHARGED

Elm Grove Man Accused of Taking Slippers Without Paying.

Albert Taylor of Elm Grove was arrested last night at about 5:30 by Patrolman Ritchie charged with shoplifting on information of S. M. Levy. It appears Taylor was doing a little Christmas shopping and a vice pair of slippers he noticed in Levy's store suggested the ideal gift, but he forgot to pay for them and as a result found himself locked up in the city jail.

At a hearing before Alderman Munk this morning, Taylor agreed to pay for the slippers and the costs and called up his wife to bring in the necessary cash.

PAID FIREMEN PETITION CITY FOR WAGE RAISE

Say Living Conditions Make 25 Per Cent Advance in Pay Imperative.

STREET ORDINANCES UP

First, From Third on North to Same Thoroughfare on South, and Seventh, Between Crawford Avenue and Leisensburg Avenue, to Be Improved.

The members of the paid fire department last night petitioned council for an increase in wages of 25 per cent, declaring that living conditions make it necessary. The firemen are now paid \$100 a month with the exception of Chief W. E. DeBolt who receives \$135 and Assistant Chief Harry Cryther, \$110 a month.

Council took no action but Councilman M. B. Pryce, head of the Department of Public Safety, indicated he would include the increase in the budget for 1920. The budget will be considered at a special meeting of council on December 23.

Two ordinances for street paving were introduced. One covers First of South street from Third street on the north to the same street on the South, the thoroughfare having a semi-circular sweep. The other is for Seventh street between Crawford avenue and Leisensburg avenue, providing that it be financed by short term bonds. Front street will be paved under the same plan.

Five ordinances introduced at the previous meeting of council, providing for transfer of sums from one fund to another to make up deficits, were adopted.

Tax collector Fred Rohrer, representing City Treasurer E. R. Floto, submitted to council a list of proposed excise taxes for the years 1915, 1916 and 1917 and a part of 1918. Council will meet as a committee of the whole on Friday, December 26, to go over the lists.

The 65th annual Fayette County Teachers' institute opened yesterday afternoon in the West End theatre, Uniontown, with 700 teachers, representing various parts of the county, in attendance. Moore of South Brownsville, conducted the devotional exercises, he having had charge of this part of the institute program on many occasions when he can recall.

The first address of the afternoon was delivered by Prof. Ellwood C. Persh of the University of South Dakota, who spoke on "The Teacher." Dr. Edwin D. Starbuck of the State University of Iowa, spoke on "Child in Your Mind." Prof. Charles C. Pierce, superintendent of the schools of Pitsburg, had charge of the music.

FASSON ASSESSED COSTS

Local Warden Must Pay All in One Case, Half in Another.

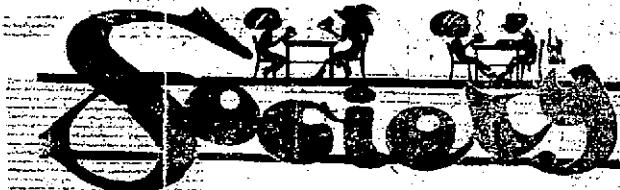

S. A. Fasson, deputy game warden of Connellsville, will pay all the costs of one case and split them 50-50 with the litigant in another case by the verdict of a jury returned in the two cases Monday afternoon in court in Uniontown. Fasson was the defendant in a carrying concealed weapons case with R. D. May, Dunbar policeman, as prosecutor, in the case which resulted in a verdict of not guilty but divide the costs. The game warden was prosecutor in the other case with Ettore Leonti, an Italian, as defendant, in which the jury placed all the costs on Fasson. He charged Leonti, an unnaturalized alien, with the ownership of a dog. The weapons case was heard before Judge J. C. Work and the dog case before Judge Van Swearingen.

In the weapons case Fasson did not deny the ownership of the revolver offered in evidence, or that he carried it on the night that he was arrested. He claimed that his commission as a deputy game warden entitled him to carry a gun. Judge Work, in his charge, went into some detail as to what police officers could carry weapons and under what conditions.

In the dog case the Central Supply company was the owner of a dog named "Jack" and while a pit bull dog, which according to defendant testimony did not bite an owner but had been adopted by the Central Supply horse and followed the horse around. One witness testified the dog had followed the wagon since its puppy days before Leonti became the owner.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home remedy is no equal. Ready and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs. Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint serves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat, chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

RAILROADS PLAN TO PROVIDE COAL WHERE NEEDED

Producers Urged to Supply First Those Whose Stock Has Run Low.

PRIORITIES ARE PASSED UP

Consumer May Down on the List Is to Get Shipments in Preference to Others if They Are Nearly Out; Ships Get Coal for Outgoing Trips.

"The following statement is authorized by L. W. Baldwin, regional director of the Allegheny region: "With the production of bituminous coal gradually increasing permitting the distribution of the stock now on cars in addition to that being produced currently, it has been deemed advisable to withdraw some of the restrictions on the delivery of coal to consumers in the Allegheny region whose industries are listed in the first seven classes, 'A' to 'G' inclusive of fuel administrator's preference list. "Accordingly, it will not now be necessary for consumers whose industries are within the first five classifications of the priority list and whose reserve stock is not in excess of 30 days' requirements to secure a permit for coal. "These industries listed in classifications 'A' and 'G' whose reserve stock is not in excess of 10 days' requirements may secure coal direct without first obtaining a permit from the regional coal committee. "Supervision will continue to be exercised over the distribution of coal so that industries now closed down or those threatened with a shutdown due to the lack of coal, may be provided with a sufficient supply to meet their day to day requirements until delivery of regular shipments begin to reach them. "Restrictions which have been on the delivery and production of coal have also been removed with the exception of the export embargo. "Bituminous coal for transshipment to New England, Chesapeake Bay and Delaware Bay points cannot be moved through the tidewater ports on special permits issued by the regional coal committee. "The restrictions on the bunkering of American and foreign flag vessels have been modified so that it is now possible for such vessels to procure on regular permit sufficient bunker coal for their outbound voyage only. "While every effort will be made in the Allegheny region to remove all restrictions on the delivery of bituminous coal just as soon as possible, producers as well as consumers can be of material assistance to the regional coal committee by ending their co-operation in an effort to provide coal to those industries whose supplies are low, before additional shipments are made to those having in excess of 30 days' requirements, even though they are classified within the first five priorities or in excess of 10 days' requirements for those industries in classes 'A' and 'G' of the preference list."

MEYERSDALE, Dec. 15.—Last Thursday evening the young ladies' Sunday school class of Amity Reformed church held a tea and quilt display in Amity hall, at which a goodly number of their friends attended. THE SOISSON.

"THE RIGHT TO HAPPINESS"—Said to be the greatest production of Miss Dorothy Phillips, the celebrated emotional actress, is being shown today. Some time ago New York was confronted with a difficult problem, when the authorities learned that the leader of a radical element that was causing unrest and agitation among the workmen and tenement dwellers of lower East Side was a young Russian girl. She was called "Sonia, the little comrade," and had a weird gift of inflaming the sudden minds of the discontented idlers and others with the incendiary torch of her crazed eloquence.

Miss Phillips is seen in a dual role and one of them is Sonia, the little comrade of the Russian radical element who was sent to America to create strife among American industry. The production depicts with the utmost dramatic vividness the life of the little comrade, Sonia, during her life in Russia and after she came on a fruitless mission to America, as the envoy of the radical leaders.

The star also plays the part of Vivian, the American girl, daughter of an American money lord, brought up in luxury.

THE FAIRMOUNT.

"GOLDEN SHADOWS"—With Gladys Leslie in the leading role, is an interesting feature today. The picture is a love story and Miss Leslie is seen in one of the best roles of her screen career.

Tomorrow H. B. Warner will be presented in "A Fugitive from Matrimony." The production is a society comedy-drama, and provides the distinguished actor with a role similar to the characterizations which won him fame on the speaking stage. As a breezy, whimsical, young American, who flies from matrimony as from a plague, Warner is in his element. A notable cast supports Mr. Warner.

Itching, Irritating Skin

Worst Form of Skin Trouble Quickly Relieved by Inexpensive Treatment.

If you suffer with any skin trouble and the itching seems unbearable, do not think you have to use some greasy, unpleasant ointment to get relief. Try HOKARA, a pure and pleasant antiseptic cream—guaranteed to contain no grease and has cleansing ingredients which vanish into the marred skin to do their healing and do not stay on the skin only to look bad and soil linen. HOKARA's power to relieve quickly any irritation of the skin and make it soft, white and beautiful might be called miraculous.

Minor skin troubles, such as pimples, blackheads, acne, barba's itch, seem to disappear magically and HOKARA with its potent healing qualities is a successful treatment in ending chronic skin diseases like salt, rheum or eczema. It is possible for anyone to try HOKARA and be convinced of its power—simply because A. A. Clarke, druggist, are selling a liberal sized jar for only 25c. It is sold on a guarantee of satisfaction or money back—Adv.

Their Medicine Chest For 20 Years

It is characteristic of folks after they pass the allotted "three score years and ten," to look back over the days that are gone and thoughtfully live them over.

I find myself, at seventy-one, frequently drifting back a quarter of a century, when I was in the little drug store owned at Holway, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user, which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestine, while others would not only on the lower or large intestine, and that they almost invariably produced a habit requiring suggested doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Dr. Lewis' Remedy, which I truly believe does further

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Dr. Lewis' Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Dr. Lewis' Remedy from the very first.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Dr. Lewis' Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it.

It is a comforting thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is to know that the knowledge that brought more than one million people will take a father's Remedy (Dr. Lewis' Remedy) and will be better, healthier, happier people for it. I hope you will be one of them.

INDIGESTION

Caused by

Acid-Stomach

Millions of people—in fact about 8 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloating after eating, food remaining sour, taste, flatulency. There are many ailments which, while they do not cause much distress to the stomach itself, are nevertheless, traceable to an acid stomach. Among these are nervousness, depression, chronic headache, rheumatism, insomnia, indigestion, weakness, loss of appetite, a long train of physical and mental ills which keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the acid stomach. A wonderful modern remedy called EATONIC now makes it easy to do this.

One of thousands of thousands of grateful users of EATONIC writes: "I have been troubled for a few days with gas and pain in my bowels disappeared. EATONIC is just the remedy I needed."

We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic in its praise.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and sooth and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Four three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Carbolic throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Senrec

The exercises were in the Baptist and M. E. churches, a dinner and supper were served to the pupils and patrons of the school in the dining room of the Baptist church. A well arranged program was given in the M. E. church, afternoon and evening.

Wattman T. Davis, of the W. V. U., Rev. E. A. Rodd, of Uniontown, made addresses. The stores closed from 1 P. M. to 5 P. M. for the occasion.

The store has paid his eighth visit to the home of Rev. and Mrs. R. H. Austin and left them a baby girl.

Elzie Warman of Morris Cross roads was a borough business visitor Friday.

Mr. Warman attended the farmers institute at Gans, Thursday. He tells his neighbors who were not there, that now he knows how to farm, and that they don't.

CONGRESSMAN KENDALL URGES SERVICE MEN TO APPLY FOR ARMY EQUIPMENT DUE THEM

WASHINGTON, Dec. 15.—"I have been informed by the Quartermaster General's Office at Washington, that little more than half of the service men have made application for the equipment to which they are entitled," said Congressman Kendall in an interview today. All honorably discharged men who served in the army are entitled to a complete outfit consisting of one overseas cap for all enlisted men who have had overseas service, or one hat and one cord for all other enlisted men; one olive drab shirt, one service coat and ornaments, one pair of breeches, one pair of shoes, one pair of leggings, one overcoat, one poncho or raincoat, one waist belt, two suits of underwear, four pairs of stockings, one pair of gloves, one blanket bag, three scarlet chevrons and one gas mask and helmet for those who served with the A. E. F.

"Special blanks have been prepared by the Quartermaster General on

which application should be made by all soldiers who have not received their full equipment. I have obtained a supply of these applications, and I will send them to any soldier boy who has not received his full equipment. If he will write me at Washington, requesting a blank.

All service men who have returned their outfits are entitled to have the entire equipment reissued to them upon application. "I hope," said Congressman Kendall, "that there will not be a single soldier boy in my district, who has not received his full equipment, who will fail to do so, as there are thousands of overcoats, raincoats, shoes and stockings at the Zone Supply Office in Philadelphia, awaiting applicants." When the blanks are filled out, I will be very glad to take them personally to General H. L. Rogers, the Quartermaster General, and have them approved and the order issued for the issuance of the equipment requested."

NOT AN ISOLATED CASE

Many Similar Cases in Connellsville and Vicinity.

This Connellsville woman's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

Mrs. W. Ramage, 719 McCormick avenue, says: "I have found Doan's Kidney Pills to be a very good remedy. Several years ago I was troubled in spells with bad backaches. My back would pain constantly day and night and sharp, cutting pains would bother me when I stooped over. At such times, I could hardly straighten up. My kidneys were also in bad shape and acted poorly. I got tired easily and was troubled with headaches and dizziness. The last time I had an attack I used two boxes of Doan's Kidney Pills from Clarke's Drug Store and they cured me at once. It is now several years since I have had any sign of this trouble and I give the credit to Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ramage had. Foster-Vilburn Co., Mfrs., Buffalo, N. Y.—Ad.

About Constipation. It may truly be said that constipation is the father of many ills. It would most likely be a big surprise to you to know how many diseases have their origin with constipation. The bowels are the sewerage system of the body and when clogged there is certain to be trouble sooner or later. It may truly be said that constipation is an unfavorable rule to have your bowels move once each day whether they are inclined or not. If you adopt the right sort of diet, one suited to your age and occupation and take plenty of outdoor exercise, no medicine will be required. Medicine is for the sick and for lazy people who are not willing to walk four or five miles a day as they should. When a medicine is required you will find Chamberlain's Tablets are excellent, easy to take, and mild and gentle in effect.—Ad.

If Thin and Nervous Try Bitro-Phosphate

While excessive thinness might be attributed to various and subtle causes in different individuals, it is a well-known fact that the lack of phosphorus in the human system is very largely responsible for this condition. It seems to be well established that this deficiency in phosphorus may now be met by the use of Bitro-Phosphate, which can be obtained from any good druggist in convenient tablet form.

WAS BADLY RUN-DOWN FROM PNEUMONIA

Mrs. Washburn quickly regained her strength and flesh.

"I had a severe cold, followed by pneumonia. It left me with a terrible soreness in my chest, constant pain in my throat and so weak and nervous. I could neither eat nor sleep. I had a chill every morning."

"One day a young man told me how Mike Emulsion had got him out of bed and built him up after he had been reduced to a skeleton and given up by the doctors. So I tried it. I have gained in strength, appetite and flesh, sleep better than I have for years, am doing all my own work again and feel like a new person."

"The beauty about Mike Emulsion is that it doesn't wear out like most things, and is so pleasant to take. It is a food as well as a medicine and builds up the blood and tissue. It surely put new blood in my veins and I have the healthiest color I ever had."—Mrs. M. Washburn, 21 Centre, Cal.

It costs nothing to try Mike Emulsion. It will build you up more quickly, more surely than anything else.

Mike Emulsion is a pleasant, nutritive food and a correct medicine. It restores healthy, natural bowel action, promotes appetite and builds the digestive organs in shape to assimilate food (chronic stomach trouble) and constipation are instantly relieved in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Mike Emulsion under this guarantee—Take a bottle home with you, use it as directed, and if not satisfied with the results, your money will be promptly refunded. Price 50c and \$1.20 per bottle. The Mike Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

A Proposition Worth Consideration

The Industrial Gas & Oil Company, a partnership proposition, own three leases in the heart of the McKeesport Gas Belt: one in the Snake Hollow District, the other two in Versailles Borough. One of these is located almost directly over the Anticline Line, back of Versailles School House, the other about one hundred and twenty-five feet from Dutchman No. 2 Proposition, and about one hundred feet from the first gas well struck in Pennsylvania.

Part of our rigging is already on the ground. We will own our drilling tools and outfits (new), which we have already purchased and are now on their way. We have contracted with a widely experienced driller, who has run tools in West Virginia, Pennsylvania, Ohio, Texas, Oklahoma and South America, and we expect to be drilling by January first.

One hundred dollars buys a share in each of the three wells including rigs and tools.

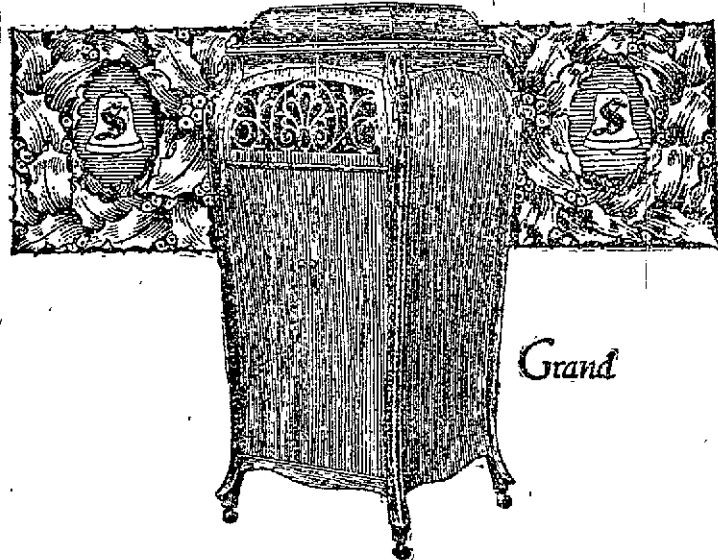

Other leases in the best localities have been secured, and these may be drilled as soon as the first three wells are completed, as we will have our own outfits ready for work.

The stock is divided into 900 shares at One Hundred Dollars each. All shareholders profit in the salvage of the equipment as well as from the product of the wells.

Stock may be secured by seeing or calling S. C. Whipple or R. A. Neville, First National Bank Building, Connelville, or R. A. Neville, Dawson, where a map of the entire McKeesport Gas Belt, showing the well locations, may be seen.

Old Resident of Youngstown Says
Earle's Hypo-Cod Saved
Her Life.

"I had the flu" in its worst form and it seemed to me there wasn't an inch of my whole body that wasn't affected by it. My ears peeled and rang giving me no end of trouble. My nerves were all to pieces and I had ulcerated stomach, indigestion and goodness knows what all and I was given up to die at least a half dozen different times during that awful siege. I never dreamed I should be well again when one of our friends who has used Earle's Hypo-Cod and insisted on their trying it on me. My family claim it worked like magic and it surely did for I improved rapidly. To friends I recommended it at once and when I was passing by Matthew's Drug Store, while on a visit in Youngstown from my home in Powell, Wyoming, I could not help thinking what a wonderful friend it had been to me in my darkest hour," declared Mrs. W. H. Reynolds.

After any sickness or when broken down by overwork or excess, Earle's Hypo-Cod will surely prove a friend in need for it builds and strengthens the patient in a most remarkable manner. Doctors assert it is simply astounding the way the patient will revive when using Earle's Hypo-Cod. Go down to the drug store and get a bottle tonight. Read the formula. Earle's Hypo-Cod is sold here by Bissell & Company, and the leading druggists in all nearby towns. Price, \$1.25, plus 5c war tax.—Adv.

We have frequently informed you—we operate many stores, purchase our merchandise direct from the manufacturer, and importer. We also purchase bankrupt stock, and jeweler's retiring from business. These stocks we purchased from 40 to 60 cents on the dollar. We are now conducting two of these sales—one in Greensburg, Pa. The best of these good go in our retail stores, and you save the above amount on each dollar you spend at our store. We sincerely ask you to visit all of the other stores, get their prices on all standard makes of goods, then come here, and see the amount of money we can save you on each purchase. We will give you the goods you want. We do not advertise an Elgin Watch at a reduced price, and then when you come in the store and ask for it try and substitute some other watch, and try and make you think it is better than the goods we advertised. We have the largest stock of nationally advertised goods purchased for cash in this city. This is a rare opportunity when every dealer is preaching the old H. C. L. to you. Be sure to get in the right place. Your money back any time on any purchase if you find you could purchase it elsewhere for the same money. We must save you money on each purchase.

Fur Hats For Christmas—

—and how joyfully such a gift will be received by the happy recipient of someone's thought along worthwhile lines while planning their gifts. Any face looks rosy under a seal toque but get her the fur which matches her set.

And by the Way, We are Showing STRAW HATS

They are really for the people planning to go south soon after Christmas, but they are so attractive we predict they will be bought by many women and worn right here at home

WANTED—A Good Book

Even though not a single solitary grown up writes Santa Claus for a book or half a dozen books to read during the coming winter evenings—they'll come sometime, never fear—rest assured that no gift will be more welcome

For the man or woman either who loves a bit of nonsense there are 'The Polygraph Album', 'The Family Album' and 'The Young Visitors' announced as the works of infant prodigies and just as funny as if the authors ages are correct—and, maybe they are

For the man who likes a book with a mental stimulus and great character drawing we would recommend Irving Bacheller's latest—'A Man For the Ages' Abraham Lincoln moves in and out of the scene presenting a most satisfactory touch every now and then of the man whom the world reveres for his true heartedness and innate dignity of soul but the hero is another—Read it.

'Mammy's White Folks' by Emma Speed Sampson is a romance of the old South, told with deft and sympathetic humor and understanding and holding interest until Finis is reached after Ester a romance is safely launched. Mammy's quaint observations have a simple philosophy in them which pleases

Red and Black by Grace Richmond who has woven quite a series of readable stories around Dr. Red Pepper Burns and his adventures and romance is another phase of that rather exceptional character's development which through an unwilling admiration for a militant minister in a pacifist charge he embraces finally, the young Scot's whole doctrine. Incidentally there are two unusually good love stories woven through the story which has just been concluded after running for a year in 'The Ladies Home Journal'

Other Books of the Season

ZANE GRAY—'The Lone Star Ranger', 'The Shortstop', 'The Heritage of the Desert', 'The Last Trail', 'The Spirit of the Border'

Light the Christmas Candles

One of the prettiest Christmas customs is the burning of candles in the windows Christmas Eve

Boston—even the frigid blue-blooded Beacon Hill and Back Bay district, has set the pace for all America and, with curtains pulled aside from thousands of windows, extends Christmas cheer to every passerby

BUT you won't have to go to Boston for your Christmas candles

We have scores of them right here scores for decorative purposes and matching the period furnishings of your home, scores for burning Christmas eve or other festive days and you will find them on the first floor near the Art Goods, priced most reasonably. Gift candles are boxed attractively
